

ASPEN VIEW CAREER CONNECTOR

WE WORK IN PARTNERSHIP WITH CAREERS

CAREERS is a unique, industry-led not-for-profit foundation. They work with Alberta schools to connect youth to employers for paid internships in a variety of in-demand industries.

An internship is similar to a full or part-time job, however, CAREERS will connect you with an employer and will be there to help you every step of the way. Students won't just make money, they will also earn high school credits and learn valuable skills.

Our internship areas include:

- SKILLED TRADES
- INFORMATION & COMMUNICATIONS TECHNOLOGY
- HEALTH
- AGRICULTURE
- FORESTRY

ARE YOU A LOCAL BUSINESS OWNER?

Showcase your industry and attract potential future employees by mentoring motivated youth. CAREERS will bring you students that best suit your needs and the length of commitment is up to you. There is also a Youth Internship Incentive Program (YiIP) available which can provide up to \$7,500 to support internships.

GET STARTED NOW

Connect with your local high school success coach to get started in looking for an internship or require more information.
